*Re: 2023-2024 Dream Together Master Programme – Seoul National University*

Dear Colleagues,

Since 2015, ANOC, in cooperation with the Seoul National University had the honour to nominate more than 40 students from the NOCs to participate in the Dream Together Master programme. This programme is a full scholarship graduate program, funded by the Korean Ministry of Culture, Sports and Tourism (MCST) and the Korea Sports Promotion Foundation (KSPO), that aims to educate next-generation sports administrators. The Dream Together Master programme is designed to consolidate international sport cooperation via global networking, as well as the provision of in-depth insight into the area of sport management, serving as a way of preparation for leadership positions in sports fields.

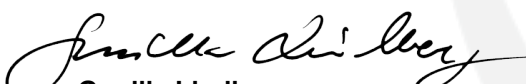

As part of the agreement with Seoul National University, ANOC is opening the candidature process for the NOCs and this year will have the possibility to nominate 10 sports administrators who will benefit from this academic opportunity and international experience. Any administrator with higher education qualifications (Bachelor's degree or higher) and English proficiency is eligible to participate.

The Dream Together Master is operated within the Global Sport Management Graduate Program of Seoul National University. The programme will commence in late August 2023 and will finish in June 2025, but the students will stay in the Republic of Korea for 17 months, up until December 2024; and for the remaining 6 months, students will work on their thesis in their home countries.

ANOC will have to receive all the application documents (see the documents attached and the checklist for documents to be submitted) **by email only, before the deadline on 15 March 2023**. Please note that the applications submitted directly to the University will not be considered for the ANOC scholarships and therefore we kindly ask you to respect the application deadline by sending all the documents to ANOC for a final decision (no delays will be accepted).

After the application deadline in March, ANOC will announce all nominated students for the programme and then all ten selected applicants will have to send hard copies of their documents to the University directly and finalize the selection process with an interview with the University. The ANOC Office is at your disposal if you have any questions regarding this scholarship programme.

With my best regards,

  
**Gunilla Lindberg**  
**Secretary General of ANOC**
